**DETAILED ACTION**

1. Claims 1-6 8-12 14-19 21-31 33-44 46-55 57-65 67-71 are pending in Instant Application.
2. All claims are allowed over the prior art of record.

***Response: 35 U.S.C. § 101 / 112***

3. Applicants' arguments have been fully considered. In view of the recent Court decision (In Re Bilski) and the John J Love memo regarding the decision, the claims are drawn to statutory matter as 1) the method claims require a computer to calculate approximations, and the outputting of a number implies a physical tie to hardware and 2) the claims drawn to non-method claims necessitate hardware by explicit recitation of computer systems / processor.
4. The practical application within the claims is drawn to the determination of the number of speakers.
5. The enablement issue has been resolved with the Applicants' showing of existing information that shows how number of speakers is determined (Remarks: page 22 top). Accordingly, all rejections have been withdrawn.

***Allowable Subject Matter***

6. The following is the Examiner's statement of reasons for allowance:
7. As per all claims, the most relevant prior-art of set-forth the Previous Office Actions.
8. The prior art does not explicitly disclose or suggest that which was presented as arguments in Applicants' Remarks (**dated 7/2/2008**) pages 25-26, with emphasis on page 26 first two full paragraphs..

For example, in claim 1, the best prior-art of record fails to disclose or render obvious the limitation of "computing an approximation" in combination with the formula being claimed.

The art of record, either individually or in combination, fails to teach, suggest, or render obvious invention having the corresponding function that is claimed. In view of the foregoing, the Instant Claims of the present application are found to be patentable over the prior art.

Art Unit: 2128

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

All claims are found allowable over prior-art.
